PROJECT RESULT 1: COMPETENCE FRAMEWORK DESIGN AND DEVELOPMENT (ONGOING)

GIF Competence Framework will be complemented by annexes designed for boosting replicability, adoption and exploitation, and specifically:

- a User Guide (for educators, training providers and enterprise Human Resources), that will provide practical information and guidelines for implementing the GIF Competence Framework in education and training programs
- a set of Use Cases, that will provide reports about current implementations performed during the GIF project

PROJECT RESULT 2: TRAINING KIT DESIGN, DEVELOPMENT AND TESTING

The **training kit** will be composed of:

- training contents for individual learning (videolessons, presentations, booklets, further readings, bibliographies and selection of relevant websites)
- training activities guides, providing examples of assignments and interactive activities such as collaborative project works, interactive classes, course scheduling and orchestration graphs
- assessment methodologies and criteria for certificate provision

SECOND TRANSNATIONAL MEETING

On 6th and 7th March was held the second transnational meeting in Berlin organised by **FHM** with the participation of **UNINETTUNO, IEF, EFFEBI, DIMITRA and CNPCD**. This first face-to-face meeting facilitated the synergies to develop the framework and its concrete curriculum.

During the meeting, competences were decided on the detected needs of the different professionals of the fashion sector at European level and the European projects of the different partners related to fashion, training and quality were shared.

NEXT STEPS

- The consortium is working on the GIF Competence Framework and Curriculum, that will be used to develop the GIF Short Learning Programme.
