Creating an innovative
environment for QA culture and
models in FSS VET programs

1st Intellectual Output: Quality Assurance Tools and Guidelines

The IO1 includes the following results and activities:

- 10 examples of good practices of QA implementation selected,
- Compendium of good practices showing also the benefits and challenges of EQAVET implementation,
- 15 practical tools and guidelines for strengthening the VET Provider performance in particular in the review phase.

2nd Intellectual Output: Graduate Tracking System

The IO2 includes the following results and activities:

- Questionnaire templates,
- Model for Feedback Loop,
- Guidelines for conducting evaluation activities with cVET Providers and business on educational offers by iVET training centres,
- Guidelines for involving enterprises into the evaluation process.

3rd Intellectual Output: Online Quality service

The IO3 includes the following results and activities:

- Online quality service including the quality criteria, the guidelines and tools, the tracking system and the model for feedback loop,
- 1 European Seminar with a total of 25 participants,
- 7 National analysis reports.

2nd Transnational Project Meeting

After months of online meetings, we finally had the chance to meet face to face in Rome!

During our fruitful meeting, we had the possibility to discuss the steps necessary to complete all the Activities of Intellectual Output 1, with the goal of producing high quality and effective results.

The Compendium of Good Practices is ready!

The goal is to create a practical and easy to use guide for everybody who is interested or involved in the FSS VET. Inside, you will be able to find 10 functional practices selected because of their demonstrated success in fostering a high-quality VET environment.

This manual collects Good Practices about the perception and definition of quality training delivery, while analyzing, comparing, and summarizing the results of research and report on VET approaches at national and European level.

Moreover, we would like to thank all the representatives from schools, VET Providers, and VET institutions who have agreed to help us during our desk and field research phase. Their availability has contributed immensely to the quality of the Compendium!
